THE VOICE OF THE HIGHLANDS

THIS WEEK'S PRESS RUN—1806

HALIBURTON, ONTARIO Thursday, February 22, 1962

Established in 1882 as the
Minden Echo & Haliburton Record

NEW BRIDGE PROMISED

We are informed by members of our local Progressive-Conservative association that they have received assurance from Hon. Leslie M. Frost that a halt has been called on operations preparatory to repairing the wooden bridge leading into Haliburton on

Highway 121 and that next fall a new concrete bridge will be built as well as new approaches to same.

This is welcome news to the great majority of our citizens who had visions of being saddled with a wooden structure with the same haz-

ardous approaches for the next 25 years.

While it will be in late summer or early fall before work will get under way, anyone who has viewed the plans for the new bridge will assure you that it will have been worth waiting for.

HON. LESLIE M. FROST

who has represented this riding in the legislative assembly since 1938 announced on Wednesday that he would not be standing as candidate when the next provincial election is called.

While the former Ontario premier no doubt will be given a position at Ottawa which will keep him there for some of his time, he has stated that he and Mrs. Frost will continue to make their home in Lindsay.

Citizens of this riding, regardless of politics, hope that the Hon. Leslie M. Frost and his gracious wife will enjoy the health that will enable them to still make a valuable contribution to the life of our province and nation. However we hope they will have more time to relax and sort of take life easy after the strain of being in public light for over 23 years.

Car Loadings On Increase

While most businesses had a difficult job holding their own in January we were surprised to learn that business at the CNR yards in Haliburton was away above average.

Last year in January only eight loaded cars left the local depot. This year the number was an even 20 and the upturn in business seems to have carried over into February. Let us hope this condition continues.

High School Select New Caretaker

We are informed that Vincent (Duke) Teatro has been appointed caretaker of the Haliburton County District High School and will commence his duties in this connection on March 1.

Through an error on our part the advertisement for applications for said position is still running in this week's issue. As this job vacancy has been filled we trust readers will disregard the ad.

Variety Night Planned Here

The Dysart Home and School association will hold their annual variety night on March 2 at 8 p.m. at the high school.

This is the only money raising event held by the association each year, please give us your support.

The program will consist of local talent, both children and adult. There will also be a touch and take table and door prizes.

We are in need of articles suitable for door prizes. Anyone interested in our work and wishing to donate such items, should contact Mrs. Bert Howe.

For two hours of fine entertainment free from commercials, bring the whole family to variety night.

Admission 50c for adults, 25c for children.

Young People's Sleigh Ride

On Friday, January 19, the Pioneer Girls and the boys of the Christian Service Brigade of Minden Gospel Church, joined forces for their first outing of the year. It was a beautiful night, clear and not too cold, just right for an old fashioned sleigh ride.

After a hilarious four mile ride, everyone returned to the church basement, where all 52 joined in a song fest. Everyone listened attentively to the short devotional given by Bob MacBrien on the subject of laying up treasures in heaven.

Appetites were satisfied with hot dogs, steaming cocoa and cookies.

It proved to be a very enjoyable evening for everyone.

Huskies Nose Out Sunderland

Led by George Nicholls with three goals, the Haliburton Huskies nosed out Sunderland by the score of 6-5 in a hockey game played at Sunderland one night last week.

The Huskies playing their last road game before the play-offs had plenty of chances to score as they fired 59 shots at the Sunderland net. Erratic shooting nearly cost them the game.

5 Remanded After Breakin, Loot Recovered

Gordon Reid, 18, Tory Hill; Gerry Dewey, 21, Gooderham; Basil Boice, 21, Haliburton and Douglas Wilkinson and Kenneth Sawyer, both aged 18 of Haliburton, were remanded in custody until Wednesday when they appeared in police court last Monday charged with breaking, entry and theft.

The charge was laid by Minden OPP following a theft from Gordon Barr's general store at Gooderham Friday night.

Investigating officer Const. Earl Bush said most of the articles, valued at \$450 were recovered.

The accused were remanded until Wednesday in order that they may obtain legal aid.

Wilkinson and Sawyer were each fined \$50 and costs or will serve 30 days in default of payment for obtaining liquor under age.

Const. Bush testified that Saturday afternoon he followed a car containing the pair along the Gelert road. He said he saw Wilkinson putting something into a snowbank as he made his way over a hill.

He later discovered a part bottle of whisky in the vicinity.

The officer said the youths "virtually begged" a Haliburton man, Claire Cowen, to purchase the bottle of liquor for them.

Crown attorney Lorne Jordan said charges are pending against Cowen.

Ski Report

Skiing at Carnarvon ski hill is excellent. Thirty inch base, four to five inches of fresh snow, one tow operating, two novice and intermediate runs open.

HALIBURTON NEWS LETTER . . .

Mrs. Hill of Eagle Lake tells us that one morning this week she saw a crow in front of her home and it was cawing quite lustily. A gentleman who was in our office today says that he thinks some of the crows have remained throughout the winter. Guess they anticipated a mild winter.

We are pleased to report that Mr. Chester Kellett, who has been confined to hospital for some time due to a heart attack is making most satisfactory progress and ex-

pects to be able to return to his home shortly.

That Long Lake road is in the news again. We have learned that Mr. Soanes who had appealed to Osgoode Hall to prevent the municipality from going ahead with this portion of the road has dropped the appeal. So it looks as though after a long, long time we may see the access road to Long Lake completed.

Mr. Christie Cowen, local agent for Shorgas in this area, informs us that the

Robert Gorrie (left) of the Carnarvon Lumber Ltd., Carnarvon, discusses new house paint label with Don MacDonald of CIL's paints division at recent Canadian Hardware Show in Toronto.

The week long event drew 18,000 hardware and building supply dealers from coast to coast.

Minden To Get New Post Office

Haliburton Host Minden Curlers

The Haliburton ladies curling club played host to the lady curlers from Minden on Tuesday of this week.

Three rinks from the Minden club were present to play off with three Haliburton rinks.

After a successful day of curling Mrs. Godin's Minden quartette walked off with first prize. Second prize went to a Haliburton rink skipped by Mrs. R. J. Curry.

After the games were over the Haliburton club treated the Minden ladies to a spaghetti supper at the home of Mr. and Mrs. Eugene Formica.

First prize was marmalade dishes and second prize consisted of cups and saucers.

WHAT MINDEN COUNCIL DID

The regular meeting of the Anson, Hindon and Minden council was held on Wednesday, February 14 at 9 a.m. with all members present.

A by-law was passed to purchase from Leslie Prentice the lot located at the (Continued on Back Page)

We are informed by Clayton W. Hodgson, M.P., that Minden is to have a new post office. According to a letter that we received from our federal member, he states the Dept. of Public Works have included in their estimates for 1962-63 the sum of \$30,000 for this purpose.

Whether a site has been decided on for the new building, we are not prepared to say.

During the past 20 years many fine structures have been erected in Minden and we have no doubt that the new post office will be a worthwhile addition.

Ski Club Hold Weiner Roast

Last Wednesday evening some 25 members of the Minden ski club gathered at the Herb Cox ranch for an hours skiing. At the end of this time Mr. Cox had prepared a large bonfire at which all might toast a bun for their hot dog and enjoy a steaming hot cup of tea.

When the hot dogs were done, then fingers as well as marshmallows were toasted over the big fire. All reported a splendid time.

strike against this firm is still in progress. As yet it seems the company is still reluctant to talk with the operators.

Turning to curling now we find that Joe Iles and Lloyd Coneybeare are the leaders in the men's section of the Haliburton curling club.

Tonight (Thursday) is the general meeting of the Haliburton district association for retarded children to be held at the Legion hall at 8 p.m.

Where To, Canada?

A PERSON would indeed be deaf, dumb and blind if he or she did not recognize the fact that a large section of our population are far from satisfied with conditions that existed in this fair dominion during the year of 1961.

While no reasonable person could say that conditions today compare with the hungry thirties it is a fact that a great many people have found the going pretty rough.

No one is desirous of being termed a "Gloomy Gus" or to be accused of undermining the confidence of the citizens of this country, but anyone who cares to read between the lines of the financial columns of the daily press will get the impression that a lot of people are "whistling going through the graveyard" as it were.

Canada should be on the march but what we have witnessed in 1961 might be termed a funeral march. There is nothing so discouraging for a man who is willing to work to have to tramp the streets looking for a job and returning home night after night to admit to his family that he has been unsuccessful.

Many of these men a few short years ago were earning good wages and the money kept our economy rolling.

Large and small businesses have suffered accordingly. If you don't think so just take a drive through some of the places that you know well and notice the vacant stores or signs plastered in front reading

"going out of business." Many of these places hired considerable help and this means loss of employment.

According to radio reports last week three centres in Ontario have more people on relief than they had at the height of the depression.

It has been stated there are more people working in Canada than ever before. This is possibly true, but at a political rally held in Ottawa it was stated that one third of the wage earners in Canada did not make sufficient salaries to pay income tax. This statement has not been denied. If this charge is true a great many of our people are being forced to accept a standard of living that is much below par.

Canadians, we understand will, in the next few months be called on to either give their endorsement to the present federal government or select a new one. It behooves every person of this country to acquaint himself with the issues of the day so that they as good citizens can go to the polls and select the calibre of men who will, instead of using their office to hand out political plums to their followers and friends, will relentlessly work to create those conditions which will raise the living standards of our people as a whole.

If such men are selected we in Canada can again lift our heads high and boast that we live in the most prosperous and beautiful country on the face of the globe.

A Coming Event

THIS WEEK will see the holding of the 10th annual Glen Dart memorial trophies tournament in Haliburton.

Since December a number of men have been devoting their time and talents to the promotion of minor hockey in this area and we feel that the majority of hockey fans have yet to see the fruits of their labors.

These young players deserve our encouragement and one way they can receive it is our attendance at this tournament.

In attending this event we will not only be inspiring members of our minor hockey teams but paying tribute to as fine a hockey player and sportsman that it ever has been our pleasure to know.

Letters To The Editor

Dear Sir:

The establishment of a school for retarded children in Haliburton county has been a wonderful step this year, and is a credit to the residents of our county. Further progress can be made in the education of our children by the formation of an opportunity unit.

Most parents are probably unaware of the unit. The purpose of the opportunity unit is to help children with I.Q.'s too high to attend a school for retarded children, or children with emotional problems or a child having difficulty with a certain grade. It is quite usual for pupils to be returned to grade school after help with his special problem.

Any parent who has a child attending grade school, and has watched how frustrated he can become, trying to cope with grades beyond his concept, or spending two or

three years in one grade, should realize that this can be rectified by the establishment of an opportunity unit.

Our son is the only child in this county receiving the benefit of the opportunity unit, and if it can be established for one child, why not more? This unit was suggested by the special services branch of the Board of Education with the co-operation of Mr. N. Ward, school inspector.

It would be far more beneficial to our son and any other child needing this type of education if a centralized unit was established in our county.

Any parent interested in the opportunity unit please contact Mr. J. Hill at Lochlin or Mrs. G. Miller, public health nurse.

Respectfully yours,
Kathleen Anderson,
Tory Hill, Ont.

OBITUARY

Thomas William Hamilton

After some 10 days in hospital following an accident, Thomas William Hamilton passed away in Toronto on January 31 in his 51st year.

The son of Mr. and Mrs. Francis Hamilton, he lived most of his lifetime in the Minden area.

Predeceased by his mother, he leaves to mourn his loss his wife Eunice, a daughter Mrs. Albert Walkey (Joan) and sisters Mrs.

L. Sedgwick (Alice) of Gelert, Mrs. Frances (Bernice) of Cameron and brother Leonard and Robert and three grandchildren.

Service was taken by the Rev. D. Staples from Minden United Church and to Gelert cemetery.

Pallbearers were his nephews, James and Bradley Hamilton, Beverley and Ronald McElwain and Robert Frances.

NEW TYPE PENS FOR POST OFFICE LOBBIES

The old fashioned nib pens which have adorned post office lobbies for the last half-century have seen their last days. According to an announcement released today by the postmaster general, the Hon. William Hamilton, the nib pens being used on lobby counters in post offices are to be replaced by modern ball-point pens.

Starting immediately, all the old pens in larger post office lobbies will be replaced with an improved type of ball-point pen adopted after a long period of experimenting with various kinds of writing equipment.

Mr. Hamilton acknowledged that for some time it had been realized the old style pens were outdated and in many cases became useless after a very short time in service.

The new pen is black and gold and is equipped with a 24 inch chain for attaching to a desk or counter to discourage "borrowing" by absent minded patrons.

In a nostalgic mood, the postmaster general recalled various uses served by the old pens. He recalled lobby "dart games," the ease with which patrons could cover their hands with ink and make addresses and names quite indecipherable.

He expressed hope that the modern pens would not only eliminate many of the problems faced by post office patrons but that they would also preserve the postal service from the indignation of many patrons who emerged second-best from an encounter with the old time nibs.

WILBERFORCE

The U.C.W. held a very successful turkey dinner in the basement of St. Margaret's church February 14 from 4.30 to 7.00.

Despite the stormy wea-

ther a large number of people came from Haliburton and the surrounding districts.

We would like to take this opportunity to thank all those who attended to make this dinner a huge success.

Local Rink Wins 3rd. Prize At Huntsville Bonspiel On Sat.

Two rinks from the Haliburton curling club attended the Ran Jupp Sunoco Curling bonspiel held at Huntsville on Saturday last.

Last year's winner of the bonspiel was a rink led by Cliff Elstone with Jack Robertson, Eric McConnell and Lester Walling. This rink were out of the money this year and didn't get in on any prizes.

But the second rink from Haliburton, making their first appearance at this 'spiel came home with third prize.

This rink was made up of the following curlers: Ron Pearson, skip; Raymond Scott, vice; Grant Scheffee, second; Mark Scheffee, lead.

The prizes were silver trays.

LAST MINUTE ANNOUNCEMENT—

Sunderland Refuse To Come

The Haliburton Huskies' hockey fans were very disappointed on Saturday night when they learned that the hockey game between Haliburton and Sunderland had been canceled.

According to the tri-county league schedule the game was to have been played on Friday, February 9, but the following night the Minden Monarchs were due to play in Haliburton.

The Huskies management then realized that two home games in a row would be very bad for attendance. They then phoned Sunderland and asked them if it would be all right with them to re-schedule the game for Saturday, February 17.

Apparently the Sunderland club agreed at the time but later changed their minds. In fact it was not until 4 p.m. on Saturday that the coach of the Huskies, Albert LaRue, received word that Sunderland were not coming.

We also notice by the schedule that the Sunderland hockey club were playing at

Beaverton on Friday night last and they not likely felt like coming to Haliburton for the Saturday night engagement.

Two things will have to be done another year. The first one is that two games in a row, whether at home or on the road, will have to be changed. The second item is that games will have to be played according to the schedule—no revising the schedule half way through the season.

A cancellation such as Saturday night's puts a poor taste in the local fans' mouths. Some of these fans drive for miles to see the Saturday night hockey games at Haliburton and they are very disappointed when something like this happens.

When the game was postponed coach Albert LaRue phoned as many hockey fans as he could.

The attendance at Haliburton has been coming up for the past two seasons and it's too bad to have the fans disappointed like they were on Saturday night.

Here and There . . .

The Minden Monarchs who are busily engaged in exhibition games are just putting in time until the local ORHA playdowns get underway. They played two exhibition games last week . . . If the Haliburton Huskies and the Minden Monarchs hook up in the playoffs one can look for some great crowds. In the two games these teams have played this season, they have had 500 to 600 fans at each game . . . A number of hockey fans from here attended the Leaf hockey game in Toronto on Saturday night . . .

The Haliburton figure skating club have now reached the 60 mark in membership, one of the highest in years . . . The open air arena at West Guilford is sure paying off. Getting plenty of ice time the Guilford boys are going strong in the Haliburton county minor hockey loop . . . As soon as we receive the playoff dates for the tri-county hockey league we will relay them on to you . . . And don't forget that this Friday is the night of the Glen Dart memorial trophies to be played for at the Haliburton community arena. Try now to be in attendance.

The regular scheduled hockey game between Sunderland and Haliburton Huskies which was canceled on Saturday night last will be played this Saturday night. This will be the last scheduled game for the local squad. The Huskies had a practice on Monday night.

ASHBURNHAM'S DEFEAT CITY BUGS

The Ashburnhams proved on Sunday that they have it over the City Bugs when it comes to curling.

This was proven when the Ashburnham rink skipped by Martyn Best defeated the City Bugs in a two day bonspiel played at the Haliburton curling rink on Saturday and Sunday. A good number of rinks were on hand to join in the fun.

The winning rinks are as follows:

First Prize—
Martyn Best, skip
Bernice Scott, vice
Harold Kirkpatrick, second
Mrs. M. Best, lead

Second Prize—
Lester Walling, skip
Mary Walling, vice
Russell Woodcock, second
Phyllis Woodcock, lead

Third Prize—
Ron Pearson, skip
Helen Davidson, vice
Leland McCracken, second
Marlene Black, first

Fourth Prize—
Murray Kuno, skip
Marilyn Kuno, vice
J. Offenbech, second
Verna Sisson, lead

CURLING CLUB TOPICS

The Ashburnhams played the City Bugs in a curling bonspiel on Saturday night and Sunday at the Haliburton curling club. Competition was very keen with one side of the town out to beat the other side. This is the first 'spiel of this kind ever held in Haliburton and we expect that it will become a yearly event.

The playoffs for the men's division of the Haliburton curling club are expected to start very soon. The teams have been very evenly matched this winter.

Two rinks from Haliburton attended the Ran Jupp bonspiel held in Huntsville last week end. It is very unfortunate that Huntsville never seem to send rinks to the bonspiels at Haliburton.

A good number of rinks from Minden attended the Haliburton ladies bonspiel which was held on Tuesday.

Twelve rinks make up the high school curling teams which play at the curling rink every Friday evening from 6 to 9 p.m. Forty-eight players compete from all over the county. Interest rides very high in this student curling.

The Haliburton curlers who visited the Wilberforce curling club a week ago all report having a very good time.

SPORTS FLASH

The Minden Monarchs defeated Kitchener at an exhibition game played at Minden on Friday night.

Minden Too Good For Huntsville Hawks

The Minden Monarchs proved to one and all that they are good enough to beat an intermediate OHA hockey club. They did just this in a game played at the Minden recreation centre one night last week.

After three periods of good rough hockey the Minden club finally came through with a close 9-8 win over Huntsville. The win made the Minden hockey club feel mighty big as their rural team won a game from an OHA entry.

The Huntsville Hawks, who are riding high in the Muskoka league, looked good in this game and it was good to see Eston Watt back in action even though he is now playing on the opposition. He has put on some weight since he last played with Minden

but he hasn't lost any of that speed and good hard checking. He plays a steady game all the time.

The fans also had a chance to see Aubrey Percival, the former Sundridge Beaver star in action. Percival has lost a bit of his old time form but is still a great asset to the Huntsville club.

The Minden club got off to a good fast start when they banged in four goals in the first period while Huntsville could only manage to score one. In the second period the Minden club still held onto the lead, but it was a much narrower margin—6-5 in favor of the Monarchs.

In the third stanza the Minden club was outscored 3-2 but they had enough lead to win the contest by 9-8.

EDITORIAL

Another Postponed Game

How much longer can the local hockey fans in Haliburton county stomach this ORHA. In the past few seasons they have put up with everything from poor refereeing to games being canceled. We will admit the fans have put up with it but how much longer are they going to continue to do so?

Let's take for instance the two local teams, Minden and Haliburton. Through poor management on the part of the ORHA officials, Mr. and Mrs. Hockey Fan has had to stand in the cold until some team would arrive at the local rinks, late as usual with any old excuse. Then the fans turn out for a game only to find that it has been postponed because some team didn't feel like coming.

Then there's the referees they send which in most cases are poor and in some instances have turned up late also delaying the game.

In our opinion the ORHA should either get into hockey or get out. Until such time as they make a set of rules and stick by them, then we as hockey fans can look for anything to happen and it likely will.

From time to time we hear the old story that the OHA teams are bringing in outside players and paying them, is ruining hockey in the smaller communities. This might be true but we are of the opinion that the ORHA are the ones who are ruining hockey. The sport will come back to the small communities if organized and run properly.

Unless the Ontario Rural Hockey Association makes some changes we can certainly look forward to a decline in hockey attendance.

The local tri-county hockey loop started the season with 10 teams and finished with seven.

C. C. C. Curling News

You can talk about your photo finishes, but the Wilberforce Veneer and Lumber trophy event produced the one for the records. Skip Robert Klapow's crew seemed to have it all wrapped up until they were slowed to a standstill by two straight losses in their final two games. A 7-5 setback by Reg. Schofield's rink and then Murray Agnew's group came out in front by 8-6. Both of these thrillers were not decided until the very last rocks were delivered.

Now the standings were: Klapow and Lindsay with six wins and three losses for 12 points and Sisson with six wins and two losses for an equal score. That is, Carl's crew had one game to play and the final game of the schedule at that. All they required was a win or a tie to take the bundle.

Jim Anderson's rink had slipped at the starting gate. They recovered a bit along the way, and had they started their stretch run just a little bit earlier, they might have been recognized as serious contenders.

Now in this final game of the schedule, they were to meet the formidable Sisson crew. The odd-makers might have given 2-1 that Carl's rink would win by two shots but I know one person that would like to have been on the long side of the 1,000-1 that might have been given that Jim's rink would win by 14 shots.

That loss or win, depending on which way you look at it, left in a three way tie in points for first place. Then Carl Tallman's rink closely following with five wins and a tie for 11 points and Reg. Schofield's gang with 10 points. Who was finally declared the winner of the Wilberforce Veneer and Lumber trophy? Robert Klapow's rink which included Jim Miller, Gary Agnew and George Constable, by having the most plus points. Congratulations.

So now those five mentioned rinks are away after the Bostonian trophy and the other five rinks that round out the men's division, are reaching for the Tallman trophy.

Weekly Sports

by Creighton Feir

Two rinks from the Haliburton ladies' curling club attended the bonspiel held at Bobcaygeon last Tuesday. All reported a very good time.

Both the Haliburton Huskies and the Minden Monarchs will go into the tri-county hockey league playoffs very healthy. Minden have one or two injuries while the Huskies should be at full strength. From the season's performance it looks as if the Minden Monarchs will be the team to beat. They only lost one game all season and this is some record to shoot at.

This has been an exceptionally good winter for sports. There hasn't been a day or night so far that soft ice has postponed any winter events. Everything has gone on as scheduled.

We see by the Lindsay papers where the Lindsay intermediate hockey club are leaving for two exhibition hockey games at Syracuse, N.Y. It is expected that the Syracuse club will repay the visit sometime in the near future. The team is already to leave.

Gary Vasey, former Minden Monarch ace is still making the news. Playing with the Bradford Fords on the first line, he is still third in the league scoring race and is heading for second place.

Dave Nicholls has returned to the Haliburton Huskies line-up and has added a lot

of punch to the team. He is a good battler for the puck and also a great threat around the opposition's net.

The remainder of the events for the Minden winter carnival were held in Minden last week end. A good number turned out to take part in these events.

George Nicholls continues to be the big gun in the Haliburton Huskies scoring and he is so far ahead of his closest team mate that it will be impossible for any of them to catch him this season. Larry Lonsberry of the Minden Monarchs is still top man on his club and his average of three goals a game keeps him right up in first place.

Hockey playoff time is here for practically all of the leagues with the exception of the N.H.L. Locally the Haliburton county minor hockey league have played a few games and are ready for the final playoffs this Friday night when they will play for the Glen Dalart Memorial Trophy at Haliburton. The tri-county hockey schedule is all finished and the teams will soon be in the playoffs. We hope that the teams show up better at the playoff games than they have through the regular season.

Teams in the curling schedules throughout the county are also preparing for their playoffs. With natural ice you have to get the games off before the thaw.

WITNESSES MEET AT PETERBORO

Some 765 persons heard a principal spokesman of Jehovah's Witnesses declare that "world peace and unity are imminent despite the myriad problems facing the U.N. Lasting world peace and unity are assured for this generation—but they will never come by man's efforts. Only God's Kingdom can do it."

Mr. Jack MacPherson of Toronto was addressing the final session of a three day assembly of Jehovah's Witnesses in Peterboro's Adam Scott Collegiate. Witnesses from 17 surrounding centres had converged on that city Friday and carried on a city-wide distribution of Watchtower Bible literature while inviting the public to attend their assembly.

Mr. MacPherson said, "On looking at the world today, one finds it divided politically, socially and racially. All human efforts to bring world unity have failed and will continue to fail. The present threat of nuclear warfare with the recent exploding of the 50 megaton bomb has emphasized man's failure and the dire need for unity."

"This unity in a split-up world can only be attained," he contended, "when men apply the two great commandments to their lives; that is, to love God with all their heart, mind, soul and strength and to love one's neighbor as oneself. (Matt. 22:37-39.)"

"That this is a very practical suggestion," continued Mr. MacPherson, "is demonstrated by Jehovah's Witnesses in 185 lands, who are now united as one 'New World Society' regardless of their race, social position or former political affiliation."

Among the 100 delegates from Haliburton congregation was Mr. William Bordon who reported that "This was the finest semi-annual assembly we have ever had. The complete facilities of one of Canada's newest high schools were at our disposal. The cooperation of local businessmen and the public in general was exceptional."

A baptism service was held on Saturday afternoon

IN QUEST OF YESTERDAY

A HISTORY OF HALIBURTON by NILA REYNOLDS

(COPYRIGHTED)
Instalment Eighty
GUILFORD, HAVELock
AND HARBURN

According to the assessment rolls of the Municipality of Dysart et al, the first settlers in Guilford township were three Englishmen who probably came in with the emigration company, Geo. Kelso, William Overton and Francis Coates who in 1869 took up land on lots 25, 26 and 30 in the second concession. Since the Canadian Land and Emigration Co. at the time hoped to sell the whole township as farm land, it is quite probable that they helped build the road which opened the area from Haliburton to Eagle Lake for most of the first residents located in its vicinity.

The following year saw William, Edward and Samuel Lane build homes in the first and second concession, also Robert McCormick, and John Masselas. They were joined by Thomas Agnew, Robert Groom, Wm. Haskins, Thomas Merry, Edward Ward and Charles Wensley.

The western portion of the township did not, according to the municipal records, attract buyers until 1872 when Stephen Benson purchased 33 acres on lot 5, conc. 4 on Grass Lake which was later owned by Alfred Sisson Sr. There is no record that Benson ever lived there.

The first resident householder to appear on the rolls was Richard Sisson, the ancestor of most of the Sissons now living in the district, who in 1874 left Cavan township where he had been a member of the famous Ca-

van Blazers, to travel up the Peterson with his three children and his wife Anne, enroute to lot 3, conc. 4, beside Grass Lake.

Mrs. Eugene Packard, who before her marriage was a Sisson, used to tell her grandchildren that her family came north in the wintertime with all their belongings piled in a sleigh, possibly at the same time Richard Sisson and his family arrived.

Although W. W. Roberts does not appear on the tax rolls until 1878 when he is recorded as having 10 members in his family, descendants of Robert George Roberts, who was born on lot 8, conc. 4, in the year 1872, claim that their grandfather William W. Roberts who immigrated from Cork, Ireland, had built a cabin on the north side of Pine Lake as early as 1870. Like the first surveyors, the Roberts family recall their grandparents' tales of marauding wolves who ventured into the clearing. One morning they awakened to find a large bear walking among their cattle who were browsing on the hillside behind the house. William W. Roberts, who was a brother of Joseph Roberts of Harburn, moved to the U.S. in 1883.

Half a mile up the lake from the Roberts cabin a young daughter of William Barnum, who in 1878 started to chop a farm from the dense forest at the head of Pine Lake, had a harrowing experience with a wolf. At the time there was only a narrow trail back of where the present road runs along the lake except for a small clearing a short walk from

the house where raspberries grew in profusion. The youngster, then less than 10 years old was sent to pick them. Although she heard the wolf howl nearby several times, she did not become alarmed until she noticed the "log dog" following her home. She increased her pace and so did the wolf which was scared off when the child's screams brought her parents to the edge of the field beside the house. What would have happened if the parents had not been on hand is anybody's guess.

The property which has longest remained in one family's name is the acreage on lot 6, conc. 4, purchased in 1875 by James Stevens, and owned in 1962 by a grandson, Mr. Stevens.

Some of Guilford's pioneers, like Joseph Griffin and the sons of Andrew Barnum had owned land in Stanhope township before moving east to Guilford. Griffin bought property in the third concession on the Irish line which is now owned by a son, Ernest Griffin, before moving on to his final home on the north shore of Grass Lake while the Barnums, Almond, William, Charles and Nelson chose lots on the shores of Pine Lake.

An ancestor of the Guilford Barnums, Eliakin Barnum, in 1808 purchased a log house six miles east of Cobourg. Here he established a milling and distilling business in addition to his post as justice of the peace. His service to the British cause during the American Revolution which had cost him his home in Vermont strengthened his loyalty to the crown when trouble from the U.S. side of the border again threatened and he became a colonel in the Third Northumberland Regiment. When the Americans invaded Ontario in the war of 1812, Col. Barnum's own home was accidentally razed by the British troops.

As soon as conditions permitted Eliakin Barnum erected a fine frame home in the best Georgian style on the site of his first cabin. It is this building which the Haldimand township council assisted by the Architectural Conservation Society of Ontario has restored and renovated and now maintains as a museum. In 1960 the Barnum house attracted over 2,000 visitors.

It is a coincidence that the log house at the head of Pine Lake, built in the 1870's by William Barnum, a descendant of the famous Eliakin, and still owned by a member of the Barnum family, is one of the finest examples of pioneer architecture still standing in Guilford township. To walk up its entrance avenue lined with plum trees and lilacs in blossom time is a most memorable experience.

The years before 1885 saw a steady influx of homesteaders to West Guilford. Included among them were Richard Benson, Stephen Dawson, Henry and William Deacon, George and John Finlay, Eugene Packard, William Packard who lost his life when a team ran away at Blairhampton, Robert Cruickshanks, Thomas Sisson, Hiram Stover, Ben Wessels, Robert Taylor, Alex Morrison, George Barry, Alec and William Baker, James Barry, Dan McIntyre, W. Melville, Wm. Henderson, John Bird and Duncan Bain.

There are a lot of wonderful stories about this same Duncan Bain, a husky Scot, handy with his fists, who exchanged his highland home on the estate of the Duke of Argyll for a home in Canada West in the Highlands of Haliburton. Older residents recall with pleasure the

summer he was caretaker at the Hawk Lake depot camp and paddled home up the lakes every week end. He had a magnificent voice which he loved to use so at the foot of Grass Lake he would start to sing and by the time he reached his home at the head of the lake, everyone who lived within hearing distance was out in the yard enjoying his concert.

Nor were the musical efforts of this Canadian style gondolier limited to vocals. For years on end no social occasion at Guilford was complete without Duncan Bain and his violin. Probably the most memorable dance he ever played for was the doubly joyous occasion when Nelson Barnum celebrated the housewarming of the new home which replaced the first log cabin and the wedding of his only son Henry to Miss Mame Henderson. Fresh from the drive, Mr. Bain didn't have time to take off his hob-nailed boots before he was called on to take up his fiddle for the first square dance. When the dance broke up at dawn the foot which tapped out the rhythm had worn a hole right through the new plank floor.

Duncan Bain's wife, Rebecca Bell, acted as the communities' mid-wife after the retirement of Mary Anne Morrison who during the 1880s and 1890s wrapped her weather beaten shawl about her and journeyed all over the district wherever she was needed. Sometimes the harried relatives came for her with an ox team, sometimes she walked.

On one known occasion she traveled at night by canoe from her home near Grass Lake to Boskung to attend a birth.

Until the turn of the century there was no post office at West Guilford. To collect mail one had to travel down the lakes or walk the forest trails to Maple Lake. The mail was brought to the Maple Lake post office from Minden for over 20 years by Mr. James Barry. For 17 of those years he made the trip with a chestnut driver called Prince who started on the route as a two year old. Mr. Barry hauled the first sack of mail to the new post office which opened at West Guilford at the home of Nelson Barnum.

Always a hospitable family, the Barnums enjoyed lots of company on mail nights when the neighbors gathered from far and near to exchange greetings and news while awaiting the mail man's arrival. One night their vigil was doubled for an absent minded carrier forgot his mail bag until he drove into the Barnum yard and saw the people. Without a word except "Get along Tob!" he turned his steed

and galloped back to Maple Lake.

Mark Sisson, who married Miss Jane Barnum for some years kept the Maple Lake post office and when they moved to Guilford around 1906 he took over the job from the aging Nelson Barnum who was his father-in-law. Mr. and Mrs. Sisson also kept Guilford's first general store.

Although the Guilford area is now served by rural mail, the West Guilford post office is still open. It is kept today by Mr. Andy Sisson, a grandson of Nelson Barnum.

U.C.W. Meeting

General Meeting

A general meeting of the United Church Women was held February 7 in the church hall with president, Mrs. Wilkinson, presiding.

During the meeting reports from various committees were given, also from the units showing much enthusiasm among the members.

Study work is being started by all units. Projects include getting numerous items ready for bales of overseas, also getting a birthday parcel ready for our adopted Greek girl, Evangelia.

Long range planning has been done by the program committee and a very interesting program including a drama has been lined up for our Easter meeting in April. Lochlin and Angela are being invited to join with at this time.

After the business session the meeting was then turned over to the program committee with Unit II taking charge. The theme was "What Are Your Prejudices." Questionnaires were filled in dealing with our feelings toward people of different race and nationality. The women were divided into groups each having a specific question to evaluate and draw conclusions on. These then were thrown open to the meeting as a whole and discussed. The general feeling was that we wouldn't practice discrimination but in a town the size of Haliburton where this situation doesn't arise it is difficult to assess true feelings.

The meeting was closed with a worship conducted by Mrs. Jack Robertson with Mrs. Rea Stinson reading the scripture found in Romans 12:1-2 and 9-13, also Ephesians 4:1-6.

The hymn "Lord Speak to Me that I May Speak," was used to open and close the worship period.

A social half hour was then enjoyed by all.

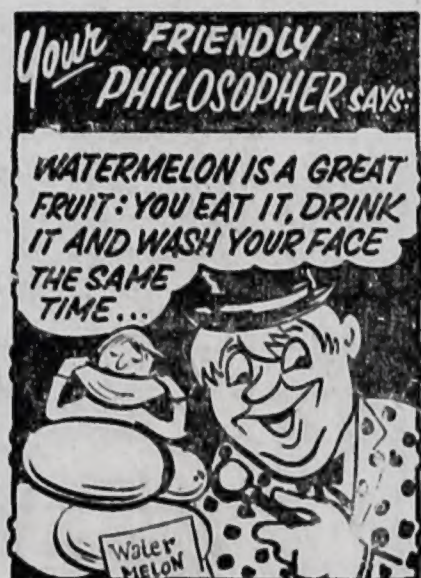

A FEATHERED FRIEND

Where do you go little chick-a-dee
When the sun sinks low in the west?
Are you afraid of the dark gloomy night
Or cosy and snug in your downy nest?

How do you stand on your tiny feet
When the snow is deep and high the wind?
Do you find enough food to eat
Have you a built in stove for heat?

Dear little friend of a winter day
Your cheery voice so light and gay,
Has shown to me the sun's bright ray
And turned December into May.

—Ann Cummins.

The Red Cross Valentine dance held at the Legion hall on Friday night was a great success. A good crowd turned out to dance and enjoy the beautiful buffet lunch.

We were wondering just the other day how many times the snow had to be removed from the main street this winter. We understand it's seven times.

Miss Pat Dart, who is attending Queen's University, Kingston, and Mr. Bob Dart of Toronto were guests at the home of their parents, Mr. and Mrs. Russel Dart over the week end.

Frances Roberts, R.N., is a visitor at the home of her parents, Mr. and Mrs. Norman Roberts. Frances, who has been nursing in Toronto will leave shortly for Vancouver to resume her profession.

Ottawa CNIB Official
Moves to Cornwall Post

Tribute was paid Tuesday by the Ottawa Carleton board of the CNIB to assistant field secretary Ivan Hunter on his promotion to the position of field secretary of Cornwall and district.

Mr. Hunter was presented with a memorial silver tray by Miss Velma Reid, chairman of the board, at its regular meeting.

The board's commendations were echoed by A. W. Sparks, director of CNIB field services from Toronto and by Robert Devine, chairman of the board of management of the Ottawa Home and Welfare Centre for the Blind.

Mr. Hunter is being promoted to his Cornwall position after approximately six years' service in Ottawa.

Ivan Hunter is well known here. He is the son of Mr. and Mrs. Lorne Hunter. Mrs. Ivan Hunter taught the junior room in the public school here.

Congratulations to Mr. and Mrs. Jas. Dewey Jr. on the arrival of their daughter at the Red Cross hospital at Haliburton.

Some of our boys played hockey with the Wilberforce team Saturday night and the local boys were the victors.

Bob Madill of Peterboro spent the week end with his parents here.

Others spending the week end at their homes here were Mr. and Mrs. Ross Raby and daughter with Mrs. Bob Raby; Mr. and Mrs. John E. Hunter and the latter's sister of Toronto with Mrs. Grace Hunter.

Among those who are on the sick list is Mr. Carl Sisson and Mr. G. W. Barr.

Mr. and Mrs. J. J. Hunter went to Toronto to see their son Murray on his way by air to Mephis, Wisc., where he is taking a course in hardwood lumber scaling and grading.

OBITUARY

Frances Cruikshanks

Mrs. Raymond L. Cruikshanks, 55 of Eagle Lake, passed away at the Ross Memorial Hospital, Lindsay, on February 11 after a brief illness.

The former Frances Kathleen May Upton, she was the daughter of the late Mr. and Mrs. James Upton.

A lifetime resident of Haliburton county she was born at Hall's Lake in 1906 but moved to Eagle Lake with her family in later years.

In 1926 she became the wife of Raymond L. Cruikshanks and they took up residence at the head of Cranberry Lake where they raised 11 children, five daughters and six sons.

In 1954 they moved to their present location, Camp Northland, where Mr. Cruikshanks is caretaker.

The funeral was held from her late residence at Eagle Lake with services conducted by the Rev. J. Taylor at St. Stephen's, Boskung. Interment was in St. Stephen's cemetery. Pallbearers were the six sons.

To mourn her loss she leaves her husband Ray, daughters and sons-in-law, Irene and Cecil Bailey of Haliburton; Pearl and Ivan Kernohan of Burlington; Thelma and Gordon Tough, Carol and Richard Bradmore of Oshawa, and Gladys residing at home. Sons and daughters-in-law are Laverne and Eileen of Fort Churchill, Man., Royce and Iva, Irwin and Thelma of Oshawa; Jim of Toronto, Sherman and Frank of Oshawa, and nine grandchildren.

Sisters and brothers who also survive are Mrs. Owen Jones, West Guilford; Mrs. G. B. Sawyer of Hall's Lake; and Mrs. Pansy Johnston of Whitby; Wilbert of Eagle Lake, Len of Maple Lake and Harold of Toronto.

MONMOUTH COMMUNITY CENTRE NEWS

Four games played this last week should have the town league players in top form for their playoff games which commence Friday, February 23.

Results of the games were: Gooderham 8, All Stars 7; Harcourt 8, Kinmount 2; Gooderham 7, Cardiff 6; All Stars 10, Harcourt 4.

Oro Station and members from the former 98's will be playing Saturday, February 24.

Members of the minor hockey league were given a party that they will long remember. Seven car loads of youngsters were taken to Toronto to watch the junior A double header at Maple Leaf Gardens on Sunday, February 18. The spaciousness of the Gardens and the excellent exhibition of hockey, Brampton vs. St. Mike's and Whitby vs. Marlboros, made quite an impression on the young spectators. We understand that the originator of this happy idea was Harold Herlihey who made the reservations and obtained tickets for the games. Enthusiastic seniors of Wilberforce, Tory Hill and Gooderham

supplied the cars and supervision. There were over 40 youngsters present and they enjoyed having their pictures taken and dinner at a restaurant before making the long trip home.

Mr. Hughes, teacher at Harcourt school, deciding the children needed a little recreation, arranged for an hours skating at the community centre on Thursday afternoon. Just as pupils appreciate a walk through the woods in the fall, these youngsters thoroughly enjoyed an hour on the ice.

The minor hockey tournament for Monmouth community centre trophies will commence Friday, March 2. Midgets, bantams, pee wees and squirts will take part in this tussle.

We almost added dancing to the numerous activities taking place at the community centre but no suitable corner could be found, so this lively art has been consigned to a spare room at the school where every Saturday afternoon those interested may obtain instructions in ballet or tap dancing.

Modern sanitation control in Ontario's urban centres contribute effectively to the control of rats in the areas of greatest human population.

Dymond Discusses Health in Ontario

RATS

Matthew B. Dymond, MD, CM, Ontario Minister of Health

Ontario, like the rest of the world is troubled with rats. These rodents, which are useless except for scientific research, are a menace to health and a costly destroyer of food.

They are probably the oldest and certainly one of the worst of man's enemies. They are so prolific that in spite of all the methods devised to eliminate them, it is estimated today that the world rat population equals the human population.

In one year a pair of rats can have 1,130 descendants. At that rate there may be as many as 5,000,000 rats in Ontario.

While rat-borne epidemics are not common in Canada, rats can and do transmit germs associated with some of the worst infectious diseases. Because of their filthy habits they are most objectionable in other ways.

For instance experts estimate

that each rat destroys at least \$2 a year of food—\$10,000,000 worth of food in Ontario alone, and this might well be a conservative estimate.

This damage occurs on farms, in warehouses, provision stores, restaurants, homes, in fact any place where food is produced, stored or prepared in the absence of rat control measures.

Norwegian brown rats are most common in Canada. They are poor climbers and burrow under ground and under floors, rubbish piles, lumber piles and garbage dumps.

Elimination of these rodents is comparatively simple when their habits are known. One can starve them, build them out, trap them or poison them.

Rat eradication, to be effective must be intensive and done by community effort. The more persons involved the better the results and the greater the slaughter of these enemies of mankind.
